

The Mollo Group acquires Truck Mobil's rental division and enters the Marche region

Truck Mobil's rental division officially becomes part of the Mollo Group, contributing to the expansion of a national network that now has 80 centres in Italy.

Mollo Group, a national leader in the rental of professional equipment for construction, industry, agriculture and events, announces the acquisition of the rental division of **Truck Mobil S.r.l.**, a company with two locations in the province of Ascoli Piceno, Italy: in San Benedetto del Tronto and Monteprandone.

Founded in 2000 by three partners, **Truck Mobil** has established itself over time as a leader in the rental of lifting and earth-moving equipment and aerial lifting services, distinguishing itself for its professionalism, reliability and customer focus.

Under the guidance of **Ezio Testa and his family**, who over the years have acquired full ownership of the company, Truck Mobil has become a point of reference for businesses and public and private entities active in the construction, transport, gardening, maintenance and plant engineering sectors.

The company has always stood out for its technical and consulting approach, combined with a strong focus on safety and innovation. With a **modern and diversified fleet, operator-assisted rental service**, on-site assistance and direct deliveries, Truck Mobil has built a relationship of trust with its customers over time, based on competence and quality.

The acquisition of Truck Mobil's rental division is part of the **broader external growth strategy** that the Mollo Group has been successfully pursuing in recent years.

The expansion plan of the Alba-based company, led by brothers **Mauro and Roberto Mollo**, has already seen the entry into the Group of numerous companies in strategic locations throughout Italy, with the aim of **strengthening its nationwide presence** and offering an increasingly efficient service, closer to the needs of its customers.

Thanks to this new operation, the Mollo Group is extending its presence in the Marche region for the first time, guaranteeing local businesses access to an even wider range of equipment and services, supported by **digital solutions**, qualified personnel and high quality standards.

*'We enthusiastically welcome Truck Mobil's rental division and its employees into our large family,' said **Mauro Mollo, President of the Mollo Group**. "Truck Mobil shares fundamental values with us, such as professionalism, trust and customer focus. Its long experience and in-depth knowledge of the territory represent an important asset for our Group. We are confident that together we will be able to develop new synergies, enhance each other's skills and continue to improve the service we offer our customers, aiming for ever more ambitious goals."*

With the addition of Truck Mobil's rental division, the Mollo Group confirms its position as a leader in the Italian rental market and continues its expansion based on innovation, quality and customer focus.
